

2026 ENTERPRISE EDITION

UPLYFT Suite

Next-Gen Academic Engine

An all-in-one AI-powered institutional ecosystem built for Cambridge O/A Levels, ACCA Professional, Matric/FSc Colleges, and K-12 School Networks.

100%

CLASH-FREE
TIMETABLES

RAG AI

LECTURE STUDY BOT

1-Click

PAYROLL & FEE LEDGER

Real-Time

ROSTERS & SMS DIARIES

Executive Leadership & Dean Portal

Autonomous timetable matrix solver, faculty delegations, scholarship policies, and financial accounts.

Faculty & Staff Operations

Rapid roster attendance, daily diary homework with attachments, and assessment grading marksheet.

LMS & AI-Powered Study Suite

Conversational textbook chatbot, automated past-paper mock exam generator, and instant MCQ evaluation.

Student & Parent Digital Hub

Live class timelines, interactive practice tests, online fee voucher clearance, and official digital grade cards.

Platform Architecture: Multi-Tenant Campus Network

Supported Curriculums: Cambridge (O/A), ACCA, Matric/Inter

Edition: Enterprise 2026

The Principal Portal provides comprehensive administrative control over academic sessions, scheduling algorithms, staff delegations, and campus finances.

AI Clash-Free Timetable Engine

CORE AI SOLVER

Autonomous timetable generator that builds complete weekly schedules across all sections and grades with **zero teacher, room, or student batch overlaps**.

- Teacher weekly period limits & subject allocation balancing
- Science labs, computer rooms & executive hall capacity management
- 1-Click Excel export & real-time timetable grid visualization
- Smart substitution assistant for faculty on leave

Granular Role & Rights Delegation

SECURITY CORE

Dynamically grant or revoke administrative rights to Academic Coordinators, Teachers, and Accountants with granular **View-Only** vs **Edit/Manage** toggles.

- Student registration & admission approval delegations
- Course catalog, class structure & section management
- Security oversight & administrative password resets
- Instant live permission synchronization without re-login

Financial Ledger & Payroll Auto-Disbursement

FINANCE ENGINE

Full double-entry campus ledger and automated faculty salary disbursement engine designed for tax compliance and attendance policies.

- Configurable Filer (5%) and Non-Filer (10%) income tax deductions
- Pro-rata deduction calculation based on absent days per month
- 1-Click batch salary disbursement with downloadable pay-slips
- Custom chart of account heads for fees, fines, and operational expenses

Scholarship Policies & Discount Rules

ADMISSIONS

Create institutional scholarship programs (Merit-based, Need-based, Kinship, Sports) with automated percentage discounts applied to student fee vouchers.

- Dynamic fee calculation with transparent discount line items
- Academic term prerequisite enforcement on discounts
- Scholarship audit logs and beneficiary reporting

1 Academic Term → 2 Classes & Rooms → 3 Faculty Allocations → 4 AI Timetable Matrix → 5 Admissions & Billing

A responsive, ergonomic workspace crafted for teachers and academic coordinators to streamline attendance, homework distribution, assessments, and marksheet grading.

Real-Time Attendance Roster

INTERACTIVE

Launch class rosters with 1-click status toggling (Present, Absent, Late). Real-time calculations update attendance thresholds and alert parents instantly.

- Quick "Mark All Present" button with individual exception toggles
- Subject-wise and daily attendance recording
- Real-time attendance percentage recalculation per student

Smart Daily Diary & Homework

COMMUNICATION

Publish class lesson summaries, homework assignments, and deadline reminders. Attach PDF worksheets, reading materials, or lecture slides.

- Instant live broadcast to Student and Parent dashboards
- Homework submission tracking and assignment deadlines
- Archived daily logs for parent-teacher progress reviews

Assessment & Exam Creator

EVALUATION

Create structured academic evaluations (Quizzes, Assignments, Midterms, Final Exams) with mixed question formats and model answer keys.

- Multiple Choice Questions (MCQs), Short Questions & Long Problems
- Chapter and syllabus topic tagging for performance insights
- Custom passing marks, time limits, and evaluation deadlines

Instant MCQ & Marksheet Grading

GRADING

Automated evaluation for digital objective tests combined with a fast digital marksheet spreadsheet for manual subjective entry.

- Instant bulk auto-scoring for online MCQ assessments
- Digital paper marksheet entry with min/max score guards
- Automated grade calculation, GPA normalization & position ranking

 Coordinator Roster Control

 My Teaching Timetable Grid

 Accountant Fee & Payroll Hub

Harness the power of Retrieval-Augmented Generation (RAG) and generative AI to create a personalized, 24/7 intelligent tutoring and testing ecosystem.

RAG AI Lecture Study Assistant

24/7 AI TUTOR

An AI chatbot trained directly on teacher-uploaded lecture slides, syllabus books, and notes. Students can ask questions and receive instant, grounded explanations.

- Exact chapter and slide citation references in answers
- Socratic explanations for complex mathematics and science concepts
- Full-page study suite and embedded quick-ask modal
- Session history management with exportable chat notes

AI Past-Paper Mock Exam Generator

EXAM ENGINE

Upload past examination papers and let AI generate authentic exam-standard mock test papers matched to official curriculum blueprints.

- Full Cambridge (O/A Level), ACCA & Matric exam structures
- In-place live question editor with model answer keys
- Print-ready A4 PDF exam paper export with official formatting
- 1-Click deployment to student portals for timed online exams

Adaptive Practice Test Generator

SELF-PACED

On-demand test generation per subject allowing students to practice weak topics. Provides instant scoring and step-by-step explanatory feedback.

- Select difficulty (Foundation, Intermediate, Advanced)
- Timer controls and instant result analysis
- Historical test score tracking and improvement analytics

Grade Normalization & Weights

ANALYTICS

Define precise academic weightages (e.g. Assignments 10%, Midterms 30%, Finals 60%) to compute standardized GPA, letter grades, and percentile ranks.

- Curriculum-specific grading scales (Cambridge, ACCA, Board)
- Automated GPA and percentage computation
- Official term report card and marksheet generation

Official Exam Datesheet Manager & Hall Notices

EXAM CENTER

Create conflict-free examination datesheets specifying exam date, paper start/end time, subject code, and assigned examination hall. Publish datesheets directly to student dashboards with printable exam slips.

An intuitive, transparent self-service portal connecting learners and guardians with real-time academic progress, fee billing, and AI tutoring.

Live Class Schedule & Timetable

DAILY HUB

Personalized daily schedule cards showing current and upcoming lecture slots, subject names, assigned teacher, and classroom location.

- Circular attendance health gauge tracking session thresholds
- Notification alerts for room changes or teacher substitutions
- Weekly timetable matrix view for study planning

Daily Diary & Homework Feed

HOMEWORK

Direct access to daily teacher logs, assignments, reading materials, and project deadlines with 1-click document downloads.

- Instant filter by subject (Mathematics, Physics, Chemistry, etc.)
- Downloadable worksheets, PDF notes, and exemplar answers
- Guardian visibility into daily student homework completion

Fee Vouchers & Digital Receipts

BILLING

Transparent fee invoices with itemized tuition, laboratory, and scholarship discount breakdowns with official verification stamps.

- Download printable 3-part bank challan vouchers
- Live payment status indicator (Paid / Unpaid / Pending)
- Historical payment receipts for income tax and record keeping

Term Report Cards & Exam Slips

ACADEMICS

Comprehensive academic performance reports featuring subject grades, GPA score, class rank, attendance rate, and teacher remarks.

- Downloadable official PDF result cards with institute branding
- Midterm and final examination datesheet schedule slips
- Graphical progress breakdown across terms

 Real-Time Bell Notifications
